

Welding In Progress Caution Sign

Product Images

Description

Use this **Welding In Progress Caution Sign** to draw attention to potentially hazardous welding and enforce safe behaviour among staff and visitors.

- Commonly found in any warehouse, construction site or manufacture facility where welding is likely to take place.
- Features black wording and border over a bright yellow background.
- Available in a wide range of AS1319 compliant sizes and materials to suit any requirement.
- Caution signs should be placed either in advance of, next to and/or on the relevant hazard.
- Positioning and [sizing](#) of this Caution sign must comply with Australian Standard AS 1319-1994.
- Please note, Australian Standard AS 1319 states that caution sign cannot be used to warn of a hazard that is likely to be life-threatening (we recommend using a danger sign instead).
