

AlcoSense Prodigy S Breathalyser

Product Images

Description

The AlcoSense Prodigy is our most innovative, Australian-designed breathalyser. It is one of the most **accurate and intelligent** breathalysers on the market today.

AlcoSense Prodigy Breathalyser Features:

- The most advanced fuel cell technology.
- Tests a Blood Alcohol Concentration of 0.000% BAC to 0.400% BAC.
- This breathalyser is designed for the workforce.
- It is highly accurate and deemed sufficient for use in law enforcement.
- **Tested and certified to the latest Australian Standards AS3547:2019**

We recommend purchasing the pack of 100 additional mouthpieces - sold separately.
