

Ninja Maxim Cool Gloves

Product Images

Description

Black NFT (New Foam Technology) coating provides ultimate wet, oily and dry grip. Solvent free with no strikethrough into the glove. Ergonomic construction to reduce hand fatigue and also sanitised with Actifresh® to kill bacteria and promote freshness. Recommended uses; automotive, quality inspection, maintenance, goods handling & transport, general assembly, light fabrication and handling mild abrasive surfaces.

- Seamless 1.5 gauge nylon spandex for superior dexterity.
- ANTIWET treated to repel oil and water.
- NFT FLOW TECH patent for enhanced breathability.
- Available in Sizes SML-2XL
