

9L Foam Fire Extinguisher

Product Images

Description

Foam fire extinguishers are effective at restricting the spread of 'ignitable vapours' from a flammable liquid spill.

- This extinguisher will be effective against **Class A & B** fires involving paper, textiles, wood, plastics, rubber, petrol, oil and paints.
- Comes with discharge hose & aspirating nozzle.
- Includes a metal wall bracket for mounting.
- Foam extinguishers are red with a blue band.
