

Description

This quality fire blanket is durable and easy to use. This **1.2m by 1.8m Fire Blanket** is commonly used in factories, kitchens, caravans and boats to smother small fires or wrap around a person in the case of a fire.

- Suitable to extinguish stovetop fires such as fat fires, cooking oil fires & clothing fires.
- Unique textured surface stops the blanket from slipping once thrown over the fire.
- Consists of a woven fibreglass fire-resistant fabric that quickly extinguishes a fire.
- Comes in a storage pouch.
- Easily mounted - Suitable for hanging on the inside of a cupboard door.
- Quick-release tabs.
- Easy and fast installation.
- **Certified to Australian Standards AS/NZS 3504.**
