Description

The toughest, most long-lasting anti-slip tape on the Australian market. Equally at home in indoor or outdoor environments. Soft and flexible aluminium backing allows the tape to “conform” over cracks, bumps and around corners. Great for ladders, truck steps, stairs.

You can install with confidence knowing these tapes have been Slip Resistance tested and exceed

Australian Standard AS 4586:2013 requirements passing the highest slip resistance rating of Class P5

- **Class P5 slip rated exceeding AS4586:2013.** Test Certificate available upon request.
- For your toughest anti-slip applications, indoor and outdoor.
- Unique soft “conformable” aluminium backing enables use in a wide range of challenging surfaces.
