

Fire Extinguisher Disc - Water

Product Images

Description

Fire Extinguisher Discs are supplementary signs for identifying the location and type of portable fire extinguishers available.

- Portable fire extinguishers are often used for small fires and categorised by type with a corresponding colour band.
- This fire extinguisher disc is for **Water** fire extinguishers that would have a matching white coloured band.
- Water fire extinguishers are used for wood, paper, and fabric fires.
- Available in 200mm diameter in ABS Plastic, Polypropylene and Self-Adhesive Vinyl.
