

Hazchem - Combustible Liquid Sign

Product Images

Description

- Indicate storage of combustible liquids in a facility or container etc.

- Must be visibly displayed where combustible liquids are stored.
- White background with black lettering and black border.
- Manufactured from durable Colourbond Steel - great for all environments.
- Sign meets Australian Standards and WorkSafe Requirements.
- Hazchem Signs help to designate and identify hazardous materials in a facility, vehicle or storage container etc.
- Allows emergency services to quickly identify any chemicals present and the hazards involved.
- It is important as a business to correctly label all hazardous chemicals using the appropriate Hazchem Signage

All Bronson Safety Hazchem signage meets the requirements of Australian Government Legislation.

- For information on Hazchem signs for transportation, read the Australian Code for the Transport of Dangerous Goods by Road & Rail, edition 7.6 – [available here](#).
- For information on Hazchem labelling and signs in a workplace, read WorkSafe Australia’s Model Code of Practice – [view here](#).
- For all other information, consult the Dangerous Goods Storage and Handling Regulations for your State or Territory – [click here](#).
