

# **Hazchem Sign - Hazchem**

### **Product Images**

### **Description**

- Indicates the storage or containment of Hazchem substances within a facility, vehicle or container etc.
- Features a white background with red wording 'HAZCHEM'.
- This sign is available in a large range of materials and sizes.

- Complies with Australias WHS regulations and Australian Standard AS 1216–2006.
- Allows quick designation and identification of hazardous materials in a facility, vehicle or storage container.
- Designed to alert emergency services to the types of chemicals present.
- Hazchem signs are required to be prominently displayed on any workplace or vehicle etc. that stores the specific item or material over a certain quantity.
- It is important as a business to correctly label all hazardous chemicals using the appropriate Hazchem Signage.

Bronson Safety Hazchem signage meets the requirements of Australian Government Legislation.

- Read the Australian Dangerous Goods Code for more information (latest edition 7.6) available here.
- For information on Hazchem labelling and signs in a workplace, read WorkSafe Australia's Model Code of Practice view here.
- For all other information, consult the Dangerous Goods Storage and Handling Regulations for your State or Territory click here.
