

Danger Keep Out Open Shaft Sign

Product Images

Description

Use this sign to prevent unauthorised access. A useful sign on mining and building sites to warn of the danger of an open shaft.

- This **DANGER KEEP OUT OPEN SHAFT** Sign is available in 600 x 450mm size.

- The sign comes in colorbond steel, flute or polypropylene.

Danger signs are safety signs for warning of a particular hazard or hazardous condition that is likely to be life-threatening. Danger safety signage has many uses and can warn of many dangerous situations – such as fuel storage, radiation, high voltage, chemicals, open holes, and worksite hazards. The sign is shown as the word Danger on a red oval over a black rectangle. Text is black on a white background.
