

Cover for Oil & Fuel Spill Kits (Red)

Product Images

Description

Our Oil & Fuel (Red Range) are designed for all hydrocarbon-based liquids including fuel, oils and grease.

- These covers are a great way to preserve the contents of the Red Oil Spill Kits and protect them from outside elements and substances.
- Increases the difficulty to open the kits by those who are not permitted.
- Not required, but **recommended**.
- Available for spill kits sized 120L and 240L only.
- Colour: Red
