

Danger Blasting Ahead Sign

Product Images

Description

Warn of the life-threatening danger of blasting ahead on mine and building sites using the **Danger Blasting Ahead Sign**.

- Available in Colorbond Steel in either class 1 or class 2 reflective.

Danger signs are safety signs for warning of a particular hazard or hazardous condition that is likely to be life-threatening. Danger safety signage has many uses and can warn of many dangerous situations – such as fuel storage, radiation, high voltage, chemicals, open holes, and worksite hazards. The sign is shown as the word Danger on a red oval over a black rectangle. Text is black on a white background.
