

ZeoMed™ Laboratory Spill Kit

Product Images

Description

For applications where chemicals or body fluids may be spilled. The ZeoMed absorbent powder facilitates absorption and containment of up to 2 litres of spillage from acids, chlorines and other hazardous chemicals. The kit comes in a 10litre bucket with a fitted lid - this can double up as a waste disposal container.

Spill Kit Contains:

- 1 x Instructions (on lid)
- 1 x 10L container with fitted lid for waste material
- 1 x 4 metre "spill warning tape"
- 2 x Face mask
- 2 x Polyethylene apron
- 1 x Splash goggles
- 2 x Pair of nitrile gloves

- 2 x 1kg tub of ZeoMed absorbent powder
- 2 x Scoop & scraper
- 4 x Waste disposal bag with tie
- 4 x Absorbent cleaning cloth
