

Mercury Spill Kit

Product Images

Description

An essential Spill Kit for hospital staff, laboratory technicians and medical equipment manufacturers alike. We recommend storing this Mercury Spill Kit within close proximity wherever any equipment containing mercury is stored or used. This is the best way to minimise the risk of exposure to any employees, lab technicians, patients, visitors and the environment.

Product Includes:

- 100g Mercurisorb-Roth®*
- Gloves
- Scoop
- Brush
- Pasteur pipettes
- Empty sealable vessel for collection
- Carry box with handle

*Mercurisorb-Roth® is a special absorbent capable of absorbing mercury in quantities corresponding to its own weight (1:1) and converting it into a relatively harmless substance. The resulting compound emits non-harmful vapours and is safe to store for collection and disposal.

Other types of spill kits available:

- [General Purpose Spill Kits](#)
- [Hazchem Spill Kits](#)
- [Oil & Fuel Spill Kits](#)
- [Biohazard & Specialty Spill Kits](#)
- [Multi-Purpose Spill Kits](#)
