SpillSmart SpillPlug Kits

Product Images

Description

Save spill clean-up costs by the immediate repair of the leak source. SpillSmart SpillPlug is a non-toxic, malleable material that adheres to wet and dirty surfaces, even while the fluid is still running. It seals instantly and works with a wide range of chemicals including solvents, gasoline and diesel.

Applications include punctured drums, leaking pipes (not under pressure), damaged valves & taps, vehicle accidents, damaged fuel tankers.

Product Notes:

- Premixed and non-toxic.
- Easy to use - instructions included.
- Sticks to wet, greasy, dirty and rusty surfaces
- No surface preparation required - seals instantly.
- First response for fuel and hazardous material leaks.
