

SPF 50+ Cancer Council Work Sunscreen - 1Ltr Pump

Product Images

Description

Rapid-dry, non-stick lotion for harsh outdoor work environments under the Aussie sun.

- SPF 50+ sunscreen - Offers very high UVA/UVB protection.
- Dry-touch finish - Dirt and dust won't stick to skin after sunscreen application.
- Fragrance-free and dermatologically tested.
- Great for oily skin and those prone to heavy sweating.
- Handy 1 litre pump container with handle - great for quick and easy dispensing in any workplace.
- Broad-spectrum sun protection.
- Tested to 4 hours water resistance.
- This sunscreen is made in Australia.
- We recommend reapplying every 2 hours, or immediately after swimming or intense physical activity.
- Apply to clean, dry skin 20mins before heading into the sun.
- For maximum sun protection, combine sunscreen with other measures including a hat, sunglasses protective clothing and regular shade.
- Application directions and ingredients are printed on each product.
