

Tobin Transport Stand - With 2 x 1 Litre Bottles

Product Images

Description

Effective, sterile and safe eyewash system for industrial use.

- Designed to empty under natural pressure, giving a soft flow with 6 streams of sterile saline solution.
- Safer than competitors - Once air vent is opened, the flow cannot be increased by squeezing the bottle.
- Specially designed system for fast application.
- Provides soft flow.
- Each 1-litre bottle gives approximately 3 minutes washing time.
- The sterile bottles have a 3-year shelf life from time of manufacture.
- Includes 2 x 1 litre bottles, cabinet, screws and an instructions label
- Dimensions: Height 340mm, Width 200mm, Depth 100mm
