

Portable Gravity Fed Eye Wash 35L

Product Images

Description

An ideal non-plumbed solution to maintaining workplace emergency health and safety in remote locations.

- Certified by CSA to meet the ANSI Z 358.1-2009 and AS 4775-2007 Standards
- Compact and portable gravity fed eyewash unit that provides a full 15minutes of continuous flow.
- Simply fold down the orange eyewash arm to activate the water flow.
- Once activated, arm will stay down until pushed back up, leaving hands free to hold eyes open.
- Spray outlets are protected from dust and damage by the folded arm.
- Manufactured from green and orange high-density polyethylene
- Moulded handle on top allows easier handling and is designed to fit neatly on the wall-mounting bracket supplied.
- 35 litre tank capacity
- Wide fill opening with threaded cap allows easy filling, inspection and cleaning.
- Each unit includes a wall mount bracket and 1 x 1 Litre bottle of bacteriostatic additive to preserve the water for up to 6 months.
