TPU Flexible Bollard Orange 450mm

Product Images

Description

Bronson Safety Premium Flexible Bollards are used to guide traffic and to provide warning of approaching hazards. You can use these Flexible Bollards in any situation where you must separate vehicle or pedestrian traffic effectively and safely.

Product Notes:

- Manufactured from extremely durable UV stabilised Thermoplastic Polyurethane (TPU).
- Hi-visibility orange with reflective tape for extra night time & low light visibility.
- **Easy to install - bolts not included.**
- The Flexible Bollards can be fitted to concrete, bitumen or other surfaces by simply bolting to the floor with the base.
- **Superior "one-piece" moulded base design making them extremely durable.**
- Designed and tested to spring back into their original shape after repeated impacts with vehicles.
- Height: 450mm.
- Base width: 200mm.
- Post diameter: 100mm.
- These bollards are superior to PVC versions on the market, yet are priced the same or even cheaper than many of our competitors.
- Check out this product video for more information.
- We recommend the A4468 Sleeve Anchor Bolts for concrete and the A4918 Hilti Anchor Bolts for bitumen applications. Three bolts required for mounting.

*Bulky Item. Shipping charges apply.
