

SpillSmart Oil & Fuel Spill Kit 15L

Product Images

Description

This compact 15L spill kit effectively absorbs hydrocarbon-based liquids including oils, fuels, solvents and grease.

- Ideal for use in workshops, mines, manufacturing facilities or anywhere hydrocarbon-based liquids are stored.
- This kit contains hydrophobic contents (contents that repels water) and can be used to remove hydrocarbons from the water surface.
- Can be stored in limited-space environments, allowing users to quickly respond to spill incidents.
- The fast-acting and highly effective contents ensure that a small spill can be cleaned up efficiently.
- Meets Environmental Duty of Care obligations.
