

Hazchem Absorbent Roll 800mm x 50 metres

Product Images

Description

- Absorbent roll offers fast absorption of Hazardous Chemical Spills, including Acids, Caustics and Alkalis.
- Every Absorbent Roll is sonically bonded for extra strength and reduced linting.
- Will not leach or drip absorbed liquids.
- Manufactured from 100% Polypropylene.
- Roll is 50 meters long - will last through multiple spills or drips.
- Polypropylene is hydrophobic - will not absorb water and will float indefinitely.
- Suits the 800mm wide [Wall Mount Roll Dispenser](#).
- Colour: Yellow
