

Ultra Stand Mats

Product Images

Description

Ultra Stand is an extremely comfortable, specially designed anti-fatigue mat made for demanding work areas.

- Used in food preparation areas, processing areas, laboratories or operating theatres.
- Provides relief from constant standing.
- Non-slip base and top reduce trips and slips.
- Closed cell foam structure does not absorb liquids.
- Easy to clean - auto clavable or machine washable.
- Made from nitrile rubber which is resistant to chemicals, greases and oils.
- Anti-microbial additive eliminates the growth of bacteria on the mat.
- Available in black or with a hi-vis yellow border to suit any application.
- Mat thickness: 17mm
