

Flexi Floor Bunding

Product Images

Description

Flexi Floor Bunding is a durable 'Rollover' bund designed for secondary containment of liquids.

- Designed for containment of liquids on hardstand surfaces, workshops, bunding around pallet racking, oil & fuel storage/dispensing areas, wash bays and vehicle access areas.
- High-density construction handles busy traffic areas including heavy vehicles.
- Popular for its flexibility on uneven or broken concrete ground surfaces.
- Easily installed and long lasting. This durable and versatile bund will stand up over time, creating a watertight bundled area suitable for many scenarios.
- Includes installation instructions with a comprehensive list of required tools and materials. Fixings & adhesive sold separately.
- Colour: Black
- Dimensions: L: 5000mm x W: 115mm x H: 37mm
