

Steel Flex Guide Posts (Surface Mount)

Product Images

Description

Steel-Flex® is the most durable roadside delineator post available. It is roll-formed from a special grade of high-performance spring steel, then protected by an ArmorGalv® thermal diffusion galvanised coating. Each post is then powder coated to provide a high gloss, UV resistant colour finish. Steel-Flex® is available in a wide range of colours and can be fitted with any delineation you require. Its unique design and manufacturing process gives Steel-Flex® exceptionally high corrosion resistance, even after being impacted.

- Ideal for concrete pavements
- Returns to vertical after repeated impacts
- Will not dislodge on impact
- High impact resistance
- Will not fade or discolour

- Life expectancy of 15 + years
- Fire resistant
- Quick and easy to install
- Significant cost savings
- No sharp edges
- **Australian Standard AS 1742.2 and AS/NZ 1906.1**
- We recommend the [A4468 Sleeve Anchor Bolts](#) for concrete and the [A4918 Hilti Anchor Bolts](#) for bitumen applications.

Made in Australia
