

Poly Flex Sign Posts – Socket Mount

Product Images

Description

Poly-Flex™ flexible sign post is passively safe and recovers after repeated impacts. When hit by a vehicle, they absorb impacts, before recovering to their original position. Comes complete with post and mounting socket.

- Ideal for areas where standard signposts will be bent, dented or destroyed by impacts from vehicles.
- Sock Mount base is designed to fit easily into any existing ground socket system designed for 60mm ODI posts. Also available separately.
- Add signage using our 60mm Signage Brackets.
- Post Heights: 600mm and 1200mm.
