

Surface Mount Removable Steel Bollard 90mm

Product Images

Description

Our new surface mounted removable bollards do not require core drilling into your slab floor.

- Perfect for pre-stressed slabs or for retrofitting into existing areas.
- The heavy-duty bollard simply locks into the surface mounted base plate via an internal locking system.
- The low profile base plate can withstand heavy vehicle traffic while the bollard is not in use.
- Easily installed.
- **An additional base plate can be installed to provide extra stability.**
- Features hi-vis yellow reflective stripe.
- **Unique keyed alike function** means one key can control multiple bollards. Key included.
- Great for clean-room environments such as food processing.
- Four bolts required for mounting.

- **Bolts Not Included - We recommend the A4468 Sleeve Anchor Bolts for concrete and the A4918 Hilti Anchor Bolts for bitumen applications.**
- Diameter: 90mm
- Height Above Ground: 1000mm
- Weight: 13kg

*Bulky Item. Shipping charges apply
