

Disposable 3 Ply Protective Face Mask Box of 50

Product Images

Description

Disposable face masks are effective in adding a layer of protection against germs, dust and air pollutants. Each mask is made of three layers, the first layer which is coloured blue provides the first line of defence. The second layer helps to minimize particle dispersal and the third layer is a soft, non-abrasive inner layer for comfort against your skin. Each mask is made of a disposable material and should be disposed of after use. These are not meant to be reusable.

- 3 ply design for best protection.
- Soft, comfortable and breathable.
- Easy to wear with elastic ear loops.
- Adjustable nose clip to prevent movement.
- **Pack of 50** disposable masks.

- **Non-Medical Use Only.**
