

Uvex U-Sonic Wide Vision Safety Goggles

Product Images

Description

Small and perfectly formed. With its ergonomic compact design and flexible sealing lip, the uvex u-sonic adapts perfectly to any facial shape. The robust yet lightweight goggles can be worn comfortably all day due to their low-pressure fit and compatibility with other PPE. The panoramic lens features uvex's proven supravision lens coating technology with anti-fog and scratch-resistant properties for consistently clear vision.

- Ideally suited for narrow face profiles, small faces and female face profiles.
- Compact, low weight goggle (69 grams)
- Highly compatible with other PPE, especially hard hats due to its extremely low profile
- Due to its extremely compact profile, these goggles are not compatible with prescription eye wear.
- Ergonomic design with soft flexible components – adapts to any facial shape

- Medium mechanical strength (I or F: 45 m/s)
- Dust and splash resistant
- Low pressure, wide fully adjustable head strap
- 100% UV protection up to 400nm covering UVB and UVA
- uvex supravision excellence coating (anti-fog inside, anti-scratch outside)
 - Patented hydrophilic anti-fog coating actually absorbs moisture into the lens – providing much longer performance – even after repeated cleaning.
 - Uvex anti-scratch nano technology offers extreme scratch and chemical resistance in even the toughest Aussie conditions
- AS/NZS 1337.1 Medium impact protection
 - Will withstand the impact from a 6mm ball travelling at up to 45 meters per second without cracking, detaching or dislodging, breaking or coming into contact with the eye or the head.
- **Made in Germany**
