

Uvex Athletic All-Round Assembly Gloves

Product Images

Description

The dirt-resistant universal uvex athletic all-round safety gloves are ideal for mechanical tasks. The combination of moisture-repellent and robust NBR foam coating produces a glove with high mechanical abrasion resistance, a secure grip in dry and slightly damp environments and high breathability. The comfortable “slim-fit” design provides a very good tactile feel when assembling smaller workpieces.

- Dirt-resistant universal safety gloves ideal for mechanical tasks
- A combination of moisture repellent aqua polymer and robust Nitrile Butadiene Rubber (NBR) foam coating produces a glove with high mechanical abrasion resistance
- Secure grip in dry and slightly damp environments
- High breathability
- The comfortable slim fit design provides a very good tactile feel when assembling smaller workpieces
- Free of harmful substances in accordance with OEKO-TEX® Standard 100
- EN388:2016 (4122X)
