

Ultrasonic Heated Tunnel Jacket

Product Images

Description

The Ultrasonic Heated Tunnel Jacket offers the best in insulation solutions. Carbon fibre heated panels are embedded into this padded jacket to bring extra warmth and comfort to the wearer. The use of innovative heat sealed baffle fabric increases its water resistance. The Jacket also has three heat settings controlled by a button at the chest and includes a rechargeable battery that offers 3-10 hours of heat.

- Drawcord-adjustable hem, Elasticated cuffs for a secure fit

- Front zip opening with zipped pockets
- Premium water-resistant fabric. Fully lined and padded to trap the heat and increase warmth
- 3 pockets for ample storage. Concealed mobile phone pocket
- Inner soft Insulatex lining offering warmth and comfort
- Easy grip pullers
