

Leightning® Hi-Vis Helmet Mount Earmuff L1H 28db Class 5

Product Images

Description

When the job site is outdoors or in low lighting, workers are exposed to increased safety hazards in addition to noise. Leightning Hi-Visibility earmuffs provide workers with a total solution for both hearing protection and visibility at night and during the day.

Earcups snap in place during use and swing back when not needed. Works with all popular hard hat brands. Snap in-ear cushion quick and easy to replace and adjustable.

- L1H Leightning® Hi-Vis Helmet Mount Earmuff - **28db** - Class 5
