

Eagle-Grip Drum Trolley 450kg (Four Wheels)

Product Images

Description

Ergonomic drum trolley designed to minimise operating stress and maximise lifting efficiency. Unique eagle-grip design with 4 solid wheel castors ensures loads are secured when transporting.

- Suitable for both steel and plastic drums.
- Self-standing 4-wheel design allows the operator to leave without drums falling.
- Overall Dimensions: 1520mm x 620mm x 1500mm
- Max SWL: 450kg

Mecanit is a leading European brand providing high-quality material handling solutions to the French, German, and greater European markets. Bronson Safety is proud to be the exclusive agent for Mecanit in the Australian market.
