

High Density FlexiPoly Bollard 90mm

Product Images

Description

Reduce damage to vehicles and prevent damage to racking, stock and other assets. Unique flexible design means the bollard returns to its vertical position after impact.

Product Notes:

- Manufactured from high-density polyethylene.
- These bollards will flex when impacted.
- Suitable for high impact areas.
- Can replace the sleeve as a separate component.
- The PE Sleeve fits securely into the steel base for both flexibility and effectiveness.
- Bolt on design easy to install and ideal for permanent or temporary applications.

- Manufactured from high-density polyethylene available in high visibility safety yellow.
- Bolts not included.
- Colour: Yellow
- Height: 1000mm
- Diameter: 90mm
- **Bolts Not Included - 4 x bolts required. We recommend the A4468 Sleeve Anchor Bolts for concrete and the A4918 Hilti Anchor Bolts for bitumen applications.**

*Bulky Item. Shipping charges apply.
