

Guardrail Reflector Concrete Barrier 10k Red/White Delineator

Product Images

Description

Designed for installation on pre-cast concrete barriers or bridge rails, the reflector is fixed with adhesive onto the concrete barrier (not included) and has a slot or hole that slides under the existing bolts on bridge rails. The Guardrail Reflector is a soft impact delineator and is made from UV stabilised PVC and sized to display a 10,000mm² Class 1A delineator.
