

# Guardrail Reflector W-Beam Upright Twist 10k Red/White Delineator

## Product Images

## Description

Designed for installation on W-Beam Guardrail barriers the reflector uses the existing guardrail fittings to conveniently mount behind the "W" barrier on the bolt, inside the "U" channel space. The face of the "U" channel locks it in an upright position. The Guardrail Reflector is a soft impact delineator and is made from UV stabilised PVC and sized to display a 10,000mm<sup>2</sup> Class 1A delineator.
