

Mine Marking Extension Handle 5m Aluminium (Vertical Cans Only)

Product Images

Description

Safely and accurately mark out your mine site with our versatile Mine Marking Extension Handle.

Ideally suited for marking mine ceilings and the top of mine face.

- Improves efficiency and makes the application less fatiguing, assisting in reducing repetitive back strain.
- Lightweight aluminium construction
- Extends from 3m up to 5m.
- Suitable for **Mine Marking** and **Mine Marking Non-Flammable** Vertical cans only.
