

5S Floor Marker (Corner L Shape)

Product Images

Description

Create an efficient visual workplace with 5S Floor Markers. Ideal for identifying safety zones, outline machinery, pallet storage areas, and various locations that require clear identification. Also ideal for marking aisles, walkways, workshop areas, warehouse floors, as well as hazardous areas and other locations throughout your facility.

- Shape: L-Shape (90 degree) Design, suitable for corners.
- Size: 200mm x 200mm.
- Colour: Safety yellow - to effectively grab immediate attention.
- Easy to install with adhesive backing - simply peel & stick to your surface.
- The adhesive design gives flexibility for removal if your layout changes.
- Instant installation.
- No need to clean up lines from messy painting.
- Perfect for 5S or Lean implementation.
