

Miller® Temporary Roof Anchor

Product Images

Description

The Miller Temporary Roof Clamp provides a safe and secure anchorage point for roof and maintenance work. Ideally suited for various applications including Roof Tilers, Solar Panel Installers, Cable/Antenna Installers, Builders & Air Conditioning Installers/Repairers.

- Single person, fall arrest anchor point.
- Easily clamps on to roofing material.
- Complete in orange for high visibility.
- Should be attached to a structure that conforms to the load requirements in AS/NZS 1891.4.2009.
