

White PVC Guide Post

Product Images

Description

This white PVC Guide Post is ideal for both day and night applications and is the preferred choice of Australian Civil & Construction Engineers.

- White PVC Guide Posts are made 1350mm tall and from 3mm thick heavy-duty, flexible PVC.
- Ideal for the harsh Australian sun, they contain a UV absorber which protects them from direct sunlight.
- PVC Guide Posts are designed for premium night time, low light visibility.
- Equipped with 3M™ Class 1A reflective vinyl decals.
- Specified by various State Road Authorities across Australia.
- Post Colour: White
- Reflector Colour: White reflector on the front side and red reflector on the reverse side.
- Guide Post Dimensions:
Height: 1350mm x Width: 100mm x Depth: 3mm

- Reflector Dimensions:
Width: 50mm x Height: 200mm
