

# Traffic Lane Separator Orange Flexible Post (900mm)

## Product Images

## Description

Bronson Safety Traffic Lane Separators are used to effectively separate vehicles from changing one lane into another or entering into a restricted area.

- Orange Flexible Reflective Delineator Post can be added to the [Traffic Lane Separators](#) for increased visibility in low light and nighttime conditions.
- 1 x Delineator Post per module
- Flexible Post: 70(D) x 900(H)mm

**NOTE:** Flexible Posts can only be mounted into the [Traffic Lane Separator](#) modules sold separately.
