

Surface Mount Sign Post Base Plate

Product Images

Description

- Surface Mount Sign Post Base Plate for 60mm ODI (50nb) Post or Bollard
 - Simply bolt plate to concrete and slide pole in.
 - Fixing the pin will ensure the pole is held solidly in place and can be easily removed in case the pole is damaged.
 - The sleeve Height of the Base plate is 200mm high
 - Fixes to the surface via 4 x bolt holes. **Bolts supplied separately.**
- We recommend the [A4468 Sleeve Anchor Bolts](#) for concrete and the [A4918 Hilti Anchor Bolts](#) for bitumen applications
