

Star Picket Sign Holder (Single Clamp)

Product Images

Description

A simple, low cost and effective clamp that is ideal for displaying semi-permanent signage.

- Quickly installed by screwing onto our metal star picket posts.
- Clamp is fast, secure and easy to use. 100% reuseable.
- Suitable for any sort of sign material up to 25mm thick.
- Common applications; mining, building, construction, road and traffic, real estate, local councils, festivals and event promotion.
- Strong and versatile. Made from 3mm zinc plated steel.

Two clamps required for each sign. Installed at the top and bottom of your sign.
