

Face Shield with Built in Chin Guard

Product Images

Description

Use this face shield for protection during grinding and chipping tasks where medium velocity damage is a risk.

- Adjustable headband at back and side of the head ensures a good fit.
- Fitted with a chin guard for added throat and neck protection.
- Complete with clear visor suitable for grinding, brazing, brush cutters and chainsaws.
- Certified to AS/NZS 1337.1 - Medium Impact Protection.
