

Danger Scaffolding Incomplete Sign

Product Images

Description

The **Danger Scaffolding Incomplete Sign** warns people that nearby scaffolding is not complete yet and

could put you in danger by being near it so avoid the area.

Danger signs are safety signs for warning of a particular hazard or hazardous condition that is likely to be life-threatening. Danger safety signage has many uses and can warn of many dangerous situations – such as fuel storage, radiation, high voltage, chemicals, open holes, and worksite hazards. The sign is shown as the word Danger on a red oval over a black rectangle. Text is black on a white background.
