Description

The **Danger Do Not Operate Without Guards In Place Sign** warns workers not to work on a machine

without the appropriate guards in place or else they could be severely injured.

Danger signs are safety signs for warning of a particular hazard or hazardous condition that is likely to be life-threatening. Danger safety signage has many uses and can warn of many dangerous situations – such as fuel storage, radiation, high voltage, chemicals, open holes, and worksite hazards. The sign is shown as the word Danger on a red oval over a black rectangle. Text is black on a white background.
