

Combo Deluge Shower & Aerated Eye Wash Station

Product Images

Description

This Combo Deluge Shower and Aerated Eye Wash Station provides a high level performance in the most demanding of environments.

Product Notes:

- Highly durable **stainless steel** construction.
- Activated separately by foot and hand pedals.
- Unique impeller action provides **soft, aerated** floods of water over a wide 200mm by 230mm area.
- Eye wash and shower heads constructed from **Hi-Vis ABS plastic** giving the unit **extremely high**

visibility.

- Adjustable spray control allows for a **variety of water pressure settings**, depending on environment and needs.
- For product to be **compliant with AS4775-2007**, we recommend a **minimum 25mm IPS water supply** to maintain required pressure.
- Product is non clogging and self cleaning.

*Bulky Item. Shipping charges apply. Item shipped flat-packed. Minor assembly required.
