

Retractable Barrier Bar- Blue/White

Product Images

Description

Designed to fit over two traffic cones, block off work areas quickly.

- End loop has an 80mm diameter, allowing for use on any sized cone.

- The bar is extendable from 1100mm to 2100mm and is 20mm in diameter.
- Cordon off larger areas by simply adding more cones and poles.
- Lightweight, portable and can be easily stored when not in use.
- Available in **red/white** and **black/yellow** reflective stripes as well.
