

Danger Chlorine Sign

Product Images

Description

The **Danger Chlorine Sign** is used to notify people in the area that chlorine which is a strong oxidiser and irritant to skin, eyes, nose and your whole respiratory system is being used nearby.

Danger signs are safety signs for warning of a particular hazard or hazardous condition that is likely to be

life-threatening. Danger safety signage has many uses and can warn of many dangerous situations – such as fuel storage, radiation, high voltage, chemicals, open holes, and worksite hazards. The sign is shown as the word Danger on a red oval over a black rectangle. Text is black on a white background.
