

Danger High Pressure Sign

Product Images

Description

Danger High Pressure Signs warns of potential explosions if equipment or lines are get damaged or break and so to avoid going near the area.

Danger signs are safety signs for warning of a particular hazard or hazardous condition that is likely to be life-threatening. Danger safety signage has many uses and can warn of many dangerous situations – such as fuel storage, radiation, high voltage, chemicals, open holes, and worksite hazards. The sign is shown as the word Danger on a red oval over a black rectangle. Text is black on a white background.
